

Phantom's Interview

By Maya D.

(We only see Phantom, with a white screen behind his chair, and microphones and videotapes are sticking out at him)

Interviewer voice- So, Phantom, what are your best talents?

Phantom- I am a great singer, do a little bit of amateur lassoing, am a musical genius, can design great dresses, can play pipe organ, am an artist---you know, just a few models of the Opera house and it's staff--- and I am an architect. Oh, AND I can make great pasta.

Interviewer- I see.

(Same set, except Raoul in an empty white room.)

Raoul- Uh...I can...uh...um, I have nice clothes. Uh...I am the patron...uh...

Christine- Well this is a "hard" choice. Which do I pick? The musical, architectural, pipe organ genius? Or, well...ANYWAYS, I pick Phantom. (Phantom beaming) Great! But what do we do for our wedding? We have a dress, a place, a bride, a cake, a groom...but what about entertainment?

Phantom- Oh, I can take care of that.

(At their wedding. Raoul is being repeatedly dunked in a tank of water while Christine and Phantom are waltzing across the room. Raoul is going mad. He can optionally start singing "All I Ask of You" crazily.)

Phantom- Man, this rocks.

Raoul- Anywhere you go tweet moo cow greano omee ca Armee vou...aleenchafeet!!! Heehuahaahahah...

Christine- Yeaah, Raoul, whatever...
